The Community Shop

As Jackie is retiring on Saturday 21st February at 1pm we invite all volunteers and customers to come along at 12:45 to say "Thank You" for all she has brought to her position as Manager.

The shop will close early as we will be making a small presentation at that time and wishing her well in retirement.

The Management Committee.

MESSAGE FROM SUE DICKENSON

Dear Friends,

A short message to thank you all for your support, enquiries and prayers over the last six months, as Rob, Rebecca, Sarah and I have navigated the very difficult waters following our devastating car accident in August. The strength that we all drew from your prayers and support was immense - not just in the early days when I was so badly injured and the family were so afraid for my well being - but through every stage of my recovery process. This has been true not only for Rob and I, but for our girls who felt hugely held and reassured by the compassion, care and concern showed to us all.

As many of you know, I am now at home and slowly building up strength. My injuries were extensive and complicated and my extended stay in hospital led to both miracles of healing and diminished strength and mobility. I am now having regular physiotherapy to begin to regain some of that mobility again and, hope, within time, to rejoin many of the activities I have enjoyed with so many of you over the years: one of the greatest challenges of my healing has been finding the patience and faith to go slowly but surely in this regard, but I am doing as I am told (most of the time)! In the meantime, please know how very grateful and fortunate we are to be part of such a powerfully supportive community.
Love and best wishes, Sue D.

Worried about ID Cards and Governmental control?

Many people are concerned about the proposed introduction of ID cards and the possibility of intrusion into a person's privacy and I am equally concerned. But I drew up a rough list of the different online services which monitor a person's activity and also harvests their data at the same time.

Government Controlled data	Personal Data abuse
NI number	Computer IP address & Internet services
NHS Number	Email Address and service providers
Driving Licence	Facebook/all social media platforms
Passport	WhatsApp/ all chatrooms
Royal Mail	Apple iPhone/all Apple accounts
	Google services and Android Phones
	Microsoft
	BT (EE). Open Reach
	All mobile phone providers
	All Broadband Providers & VPN Services
	Amazon/eBay/PayPal
	X (twitter)/TikTok/YouTube
	All Media Streaming Services
	All on line Grocery and selling services
	All discount/customer store cards
	All Smart Speakers

The list of Governmental controlled activities are finite; however, the list of unsupervised or uncontrolled privacy intrusions and data harvesting is infinite.

Yet not many people are not aware, or seem to care, on how personal information is harvested and sold, or who it is sold to and, for what nefarious purpose their personal data is used – let alone the possibility of being scammed out of personal savings etc.

Now I am not an advocate of ID cards as they will do nothing to stop immigration or illegal workers, as the current NI numbers if used correctly would do that. What concerns me more is the lack of government control on harvesting data, especially of the under aged!

Smart kids can easily access pornography or for that matter become involved in chat sites, which they should not be accessing. But the lack of controls can allow them to do so, even as they walk to school, or play in the street! Mobile phones work quite well without a sim card and an old phone connected to an internet signal becomes invisible to many parents! The issue is, service providers don't need to do it, but your data is a valuable commodity worth a considerable amount of money, all at your eventual cost!

BYSTANDERS CAN BE LIFESAVERS

CAN YOU ADMINISTER CPR?

DO YOU KNOW HOW TO USE A DEFIBRILLATOR?

2 VITAL SKILLS THAT COULD SAVE THE LIFE OF A FAMILY MEMBER, FRIEND OR NEIGHBOUR

Living in an isolated village many miles from major hospitals, and with over 70% of cardiac arrests occurring at home and about half being witnessed by a bystander, why not start the year with a resolution to learn these important skills which could save a life! Quick intervention can be the difference between life and death.

In the UK there are over 30,000 out-of-hospital cardiac arrests annually, 12 people under 35 die each week from cardiac arrest and it could simply happen to **ANYONE** of us at **ANY TIME**. As we now have 2 defibrillators in Week St Mary we have the tools so now we need the knowledge of how to use them!

Join us on:

Thursday 26th March (new date following bad weather cancellation in January 2026)

for a talk focussing on CPR and how to use a DEFIBRILLATOR by ANDREW COLLINS, a Community Engagement & Training Officer from the NHS South Western Ambulance Service. The Bude Community First Responders team will also be in attendance

9. Portfolio Reports:

• Playground

Cllr Shipton said she has removed the bin from the bottom pitch and has attached the hand sanitiser.

Councillors discussed the football club's request to have a shipping container and raised no objections. If possible, councillors would like to see a green one obtained and the football club were asked to ensure it is covered by their insurance.

Councillors also agreed to the aerating of the top pitch. It was noted that if any mess is made, the football club must tend to it.

• Highways, Footpaths & Greens

Thanks were extended to Cllr Shipton and her daughter Annabelle for salting the hill in the recent cold spell. Cllr Fay asked if there could be a possible WhatsApp group for volunteers to help in these situations. Cllr Slade said the request can be placed on the council WhatsApp group. Cllr Slade said she had cleared around the drains. She said there is a problem at Broad Close, where the drain empties into the road. The clerk will report this, and one towards Goscott Corner as well.

• Police / Neighbourhood Watch

Cllr Couch asked for this to be removed as a portfolio report.

• Social media / communications

Cllr Couch said this was going well with new followers on the council's Facebook Page.

10. Correspondence including (all relevant emails forwarded):

The council's bid for police funding for a CCTV system was approved, with the council being granted £5,000. It was proposed to accept the funds, with the view of returning the money if a system is not put in place. The clerk will begin to look into prices.

He said the top pitch is having drainage issues and he asked if the club, at its own expense, could aerate it. This will be discussed under playgrounds later in the agenda.
6. **To receive County Councillor Nicky Chopak's report on matters arising**
Cllr Chopak said the Cornwall Council budget is out for consultation, people can have a look at it online. The council is trying to think of ways to save money. Some extra money has been allocated to Adult Social Care and Highways. February 16 is the closing date for consultations. A CAP housing summit meeting was held in December at Bude, with around 60 people in attendance. Another similar meeting will be arranged on the subject of planning.
