WEEK ST MARY BONAVENTURES W I

A heartfelt thank you to everyone who joined us on the evening of Thursday 26th March for the CPR/Defibrillator training session that we held at the Village Hall. The session was led by two Community First Responders, Toni and Danielle, both of whom live locally. After the introduction and demonstration everyone had the opportunity to practice CPR on the four dummies that they had brought with them – two male, one child and one baby. Hard work as we all found out but absolutely vital as a means of saving lives whilst waiting for the arrival of an ambulance.

Nearly 50 people attended from the village and our presenters were thrilled with the turnout and interest. What was even more satisfying was the amount of money collected for their charity which funds Community First Responders. They are all volunteers and have to provide their own training equipment.

Thanks were given to the Parish Council for providing the two Defibrillators in the village, one outside the Parish Hall and the second outside the Parish Office & toilets. Also the Village Hall committee wouldn't charge the WI for the hire of the Hall as it was a charity event so that money was added to the donations collected. A total of £177.50 was donated by those attending plus £60 was given from our WI, made up of our normal fee for a Speaker (they gave their services free) and the normal cost of hiring the Hall. I am assured that it will go towards the cost of acquiring a FEMALE dummy. Not before time!

CHECKMATE

There's a picture in the Louvre called Checkmate. The Devil sitting on this side. There's a chess board and there's a man sitting on the other side and the man sitting on the other side has his hand on his head like he's in desperation.

And as they were taking a tour through the Louvre, there had been a group of athletes and particularly world champions that were being given a special tour. And in the tour was the world chess champion. He comes walking by the picture and the guide explains to them, this is the picture of an artist's rendering of somebody who lost a battle with the devil.

And so the group moved onto the next picture to see something else. But the world chess champion stayed there and he just kept looking at the picture. Soon they noticed that he was not with the group, so the tour guide came back and said, "We have moved on, are you coming?"

The chess champion said, "Well, I've been looking at this picture."

The tour guide said, "Yes, it's called checkmate, the Devils laughing, the man's lost."

And he said, "Yes I've been noticing that....but while I've been standing here, I've kept looking at the picture, and I've got a problem."

The tour guide said, "Well, what do you mean?"

He said, "You know that I'm a world Champion chess player and I spend my life playing chess, and normal people don't always see what a world champion chess player sees. When you all walked off I looked up the devil laughing and I looked at the man in desperation and I noticed

something on the chess board. Either they are going to have to change the painting or they need to change the name.”

The guide said. “So why are they going to have to do that?”

“Well, as a world champion chess player, when I observed the board, I found out the king still has one more move.”

Easter reminds us that no matter how bad things might look, it isn't checkmate, the King still has one more move.

To paraphrase a verse from the Bible, **Jesus didn't come to rub it in, he came to rub it out. (God sent his Son into the world not to judge the world, but to save the world through him. John chapter 3 verse 17.)**

Your Parish Church NEEDS YOU

For nearly four centuries, our Grade I listed church tower has stood as a proud landmark, rising 100 feet above the landscape and watching over our community since 1643. Its history is woven into the story of this place — a symbol of heritage, faith, and continuity.

Today, however, this remarkable structure has been placed on the Heritage at Risk Register. Time and weather have taken their toll, and without urgent action the tower's future is uncertain.

A full renovation is now required to preserve and protect it for future generations. The work is extensive, with an estimated cost of £400,000.

We are asking for your help. Every donation, large or small, will bring us closer to restoring this historic tower and ensuring it continues to stand tall for centuries to come.

If this landmark means something to you, please consider supporting the restoration fund. Together, we can safeguard this piece of history and keep our tower standing proudly over the community once again.

Cllrs C Slade (chair); I Richardson (vice chair); S May; S Gubbin; R Shipton and T Fay. Also in attendance: Cllr N Chopak; S Cleave, clerk and three members of the public.
2. **To receive apologies for absence with reasons**
Cllr Ward – working; Cllr Johns – unwell.
3. **To receive Declarations of Interest and approve Dispensations**
Cllr Fay – football club lease.
4. **To approve the minutes of:**
Councillors approved the minutes of the Ordinary meeting held on Thursday, March 5, 2026.
5. **Public question time** (15 minutes allowed for this – on matters on the agenda only)
None.
6. **To receive County Councillor Nicky Chopak’s report on matters arising**
No report from Cllr Chopak, she will speak in the annual parish meeting following this meeting.
7. **To receive clerk’s report on matters arising**
The clerk’s report was noted.
8. **Planning**
Any late applications received will be discussed under this section
- 8a. **To discuss and make a consultee comment on application:**
PA26/00522 – Roofing over existing agricultural yard area subject to CSF endorsement. Higher Whiteleigh Farm, Whitstone.
Councillors raised no objection to the application.
- 8b. **Decisions**
None. 26/77
- 8c. **Planning - to note**
None. 26/78
9. **Portfolio Reports:**
 - **Playground**
The tennis net has been put up. It has stretched a bit, so the council will need to purchase a new tennis wire.
The fence was discussed. It was clarified that the 125 metres would be replaced (with the additional £18 for the wire).
 - **Highways, Footpaths & Greens**

The council had been sent information from Cornwall Council on Public Realm Improvement and Re-introduction of Weed Treatment. In this, the council will take back the removal of weeds in the parish. Councillors proposed to opt into this, and the clerk will let Jamie Sachs know. This will save the parish council money, but it will be kept under review.

- **Social media / communications**

The original parish council Facebook page has been saved, so this one will continue without the need to create a new one.

10. Correspondence including (all relevant emails forwarded):

The following correspondence was noted: North Cornwall Community Area Partnership March 9 meeting action notes; Cornwall Council Town and Parish Council newsletter; Local Plan and Local Councils' Involvement information.

11. Community Infrastructure Levy and Community Benefit Fund applications

Councillors received a grant application from David Martin towards the village website (which displays the history of the parish council). It was agreed to grant the £172.80.

12. Agenda items

1. Ashbury Grove

This will be deferred to the May meeting.

2. Football club lease

This will be discussed in a closed session at the end of the meeting.

3. Venue for meetings

It was proposed to move the parish council meetings to the parish hall from next month.

4. Co-option

The two vacancies have been advertised. Anyone interested in joining the parish council is asked to contact the clerk in the first instance.

5. AGAR – internal auditor

It was agreed to appoint Linda Coles as internal auditor for the 2025/26 AGAR.

Time to get your thinking caps on and creative side into action.

COMMUNITY MONEY ADVICE LAUNCESTON

During 2025 the Cornwall PEOPLE IN MIND outreach project has enabled Community Money Advice Launceston to visit and meet local residents of some of the most rural villages and hamlets within North East Cornwall, including Week St Mary. This has enabled our team to become engaged with some of the least advantaged locally. The elderly especially, including those who may be experiencing difficulties within their finances, particularly with their utilities, local taxes and benefit structure.

The FREE services which CMAL offer in these areas has been particularly welcome among those who find it so difficult to keep abreast with the newer methods in technology. With nationally 1 in 7 people being unable to communicate effectively with the internet/email/online banking system, it is little wonder why our team is fully stretched to help. We have a policy of helping every genuine request for help. One of the main lessons we have learnt from our visits is that many local people were unaware of us, or the areas in which we can help, and especially the direct contact we have with some agencies, like SouthWest Water or Cornwall Council about council tax problem

The major areas of immediate concern to many of our clients currently are:

PENSION CREDIT WINTER FUEL PAYMENT BLUE BADGES PIP renewal

If you are worried or feel the forms to fill are too complicated. DO NOT WAIT.

If you feel you would like to contact outside our visit dates, then make an initial contact by phone on 01566 777407 or 07762 092 830 and leave a message on our answerphone if our office is closed. For those who prefer email then our contact is office@launcestonmoney.co.uk . In the last year more than 800 residents in North Cornwall have had our help. Many in Week St Mary and the surrounding hamlets.

We all know how intrusive Facebook is on our privacy, or do we?

Meta, owners of Facebook, Instagram and other platforms bombard account holder's computer with cookies, trackers and adverts. In the main Google Ads supply the links to different advertising contracts, they then sell the harvested data to 3rd and 4th parties, including advertising agents and other web providers for them to use.

Simple! Well, it is if you are a corporate entity who wants to profit by intruding on your privacy and bombarding you with products you may or may not want, but the algorithms installed will list you as a prospective customer and therein lies the issue. Not so simple if you are just wanting to communicate with a friend!

The data harvested includes: -

- Your Age, Gender, location, income and on and off line activity
- Active use of the platform, can reveal sleep and work schedules
- Other device information including your phone and tablet
- Payment details including transactions and Bank details
- Facial recognition via your system camera and the harvesting of other images
- Who your doctors are, your geographic details and check-in activity
- Your medical health, this compared against the content of your posts and responses
- If you have debt, payment history, credit scores and off-line financial activity
- Criminal/Police records can be checked against your name and demography
- If you are pregnant, any ante-natal or post-natal requirements can be monitored
- Your political affiliations, off-site tracking and subscription payments tracking

If you're encouraged to use Facebook for any personal or group use, be mindful of the pitfalls and ensure you have sufficient ad and tracker blockers attached to your browser. The little known and free "Librewolf" and "Brave" browsers are particularly useful.

I say all this as there has recently been an increase in computer hacking of local users' computers and it's not only the loss of money, the cost of remedial repair to a system as hackers can, and do, encrypt a system blocking access to its data or continued functions.

Antivirus software is import, but ad blockers and tracker blockers are equally necessary these days ideally installed on both your computer and mobile phone. Ask yourself, what system protection do I have? and don't say I have an Iphone so I don't need any, you are totally mistaken. Apple is as prolific in data harvesting as any other provider or platform.

Using an AI chatbot as a search engine is equally dangerous. AI models do not drop data they are programmed to retain it and as your system uses an IP address, the system knows exactly where your computer is and what you do online! There are now over 3500 AI models in existence and over 1 million sub systems each ready to harvest and use your data.
