

Week St. Mary Parish Council

Minutes for the Ordinary Meeting Thursday 5th July 2018

All meetings are open to the press and public unless the Council decides otherwise

1. Public question time (15 minutes allowed for this)

Full scale plan of the Watchtower was given to the Parish Council in relation to a planning application to be discussed later in the meeting. It is intended to keep and repair the tower then dig out underground to provide accommodation. The intention is to preserve a heritage asset which was closed in 1968.

1a. To receive County Councillor's report on Matter's Arising

- CCllr Chopak had sent a firm email to Pearce Construction and the matter is ongoing.
- A meeting is to be held regarding Community Land Trusts. This relates to the provision of small plots of land for affordable housing. Smaller parishes can offer plots for this. Affordable housing can be rented, self-build/ownership, housing association
- Cornwall Council is starting to build council houses again
- The bridge at Week Ford is now open with traffic control at present
- There will be a Health and Adult Social Care meeting in two weeks and NHS Property Services will attend. A lot of problems at Treliske and also at Community Hospitals.
- Refuse collections – it is intended that each household will have a 240l wheelie bin (or seagull proof sack where bins are not practical). Recycling bags are to be redesigned
- Jacobstow has lost its bus service although Summercourt are providing a service once a week. This will be reviewed in September. The Holsworthy link bus is still running.
- Adult Social Care – an issue was raised when a care provider suddenly lost staff and couldn't provide care. County Councillors should have been made aware immediately so that Parish Councils could have been told and would then have been able to check on welfare of clients locally. Discussions had taken place and if this situation arises again, County Councillors will be informed immediately.

Proposal Conversion/change of use of the Lookout Post and Bunker to a dwelling, together with the erection of a below ground level linked extension to the Lookout Post and Bunker - Land West Of Haydah, Week St Mary

A discussion took place regarding the suitability of this work. The building is an iconic building in the area and was identified in the previous Parish Plan to be retained. At the current time it is unsafe and the Parish Council felt that it should be preserved as a valued asset in the area, valued by the community beyond its historical interest. The above application would provide a solution to what has long been seen as a challenging site from a health & safety aspect. The proposed use of sympathetic materials with an innovative and realistic design would have minimal impact on the landscape while preserving this valued asset.

Proposed: Cllr Pearce

Seconded: Cllr May
